Requirements for a Farmers’ Market Vendor Permit

A Farmers’ Market Vendor Permit is required from Harris County Public Health (HCPH) for a farmer or producer selling food at a farmers’ market located in unincorporated areas of Harris County or a city whose food establishments are inspected and permitted by HCPH. A Farmers’ Market Vendor Permit applies to vendors selling the following foods at a farmers’ market:

- yard eggs,
- temperature controlled food that is produced or processed by a farmer, or
- food prepared at the market for sale by a farmer.

Food is defined by law* as “An agricultural, apicultural, horticultural, silvicultural, viticultural, or vegetable product for human consumption, in either its natural or processed state, that has been produced or processed or otherwise has had value added to the product in this state. The term includes:

(A) fish or other aquatic species;
(B) livestock, a livestock product, or livestock by-product;
(C) planting seed;
(D) poultry, a poultry product, or a poultry by-product;
(E) wildlife processed for food or by-products;
(F) a product made from a product described by this subdivision by a farmer or other producer, including a cottage food production operation, who grew or processed the product; or
(G) produce.”

A Farmers’ Market Vendor Permit may be purchased by a farmer or producer for use at all Farmers’ Markets in the HCPH jurisdiction. A Food Sample Permit is required for onsite food handling to provide a sample by a state licensed food manufacturer and/or sell packaged temperature controlled foods. A Temporary Food Establishment Permit must be purchased for the sale or sampling of any unpackaged food or any temperature controlled food (such as hamburgers, hot dogs, tamales, or shaved ice) that is not prepared or processed by a farmer, producer, or permitted operator.

A Farmers’ Market Vendor Permit is not needed for:

- Produce sold in its natural state,
- Small honey production operation,
- Pre-packaged foods that do not require temperature control and are prepared at a location permitted by a regulatory authority. These foods must be properly labeled according to state requirements,
- Cottage food that is prepared, packaged and labeled according to law as defined by the Texas Health and Safety Code §437, and remains packaged for the duration of the event,
- Samples of cottage foods,
- Educational demonstrations, or
- Samples of foods from farmers.
Requirements for a Farmers’ Market Vendor Permit:

- Any preparation and distribution of food must be conducted according to the handout: **Temporary Food Establishment Operational Requirements**
- A valid and current manufacturer’s license, when required, must be provided upon request.

The Farmers’ Market Vendor Permit is valid:

- for one year from the date of purchase,
- at farmers’ markets as defined by law* as: “A designated location used primarily for the distribution and sale directly to consumers of food by farmers and other producers”
  - A Farmers’ Market Vendor Permit is only valid at a farmers’ market that is fifty-one percent or more farmers or producers, and
- for a single booth at any given time, regardless of location. Copies of the Farmers’ Market Vendor Permit will not be accepted.

*The Texas Health and Safety Code, Chapter 437, TAC 25 §229, and Rules for the Regulation of Food Establishments in Unincorporated Areas of Harris County, Texas

To obtain a Farmers’ Market Vendor Permit:

1. First time applicants must complete the Farmers’ Market Vendor Application, submit the $125 Plan Review fee, and Farmers’ Market Vendor Operational Statement to HCPH Environmental Public Health, 101 S. Richey, Suite G, Pasadena, Texas 77506, Monday through Friday, 8:00am - 3:30pm. The Plan Review team will set up an appointment to review the submitted information.
2. After the plan review is complete, the operator will contact HCPH at (713) 274-6300 to request a permit inspection. An HCPH food investigator will inspect the booth at a farmers’ market to verify minimum requirements are met to issue a permit application or renew an existing permit.
3. The permit can be purchased:
   - By mail: enclose the permit application and permit fee (money order or cashier’s check**) and mail to HCPH
   - In person (cash, money order, cashier’s check, or credit card**) at HCPH Environmental Public Health, 101 S. Richey, Suite G, Pasadena, Texas 77506, Monday through Friday, 8:00am - 3:30pm.

**Note: personal checks are not accepted**
