ABOUT STATIONARY TESTING

Harris County Public Health has set up free COVID-19 testing sites throughout Harris County to maximize our reach and identify potential hotspots in our community. The goal of implementing COVID-19 testing sites is to ensure our residents have multiple options and access to FREE COVID-19 testing.

If your results are positive and you live in Harris County, you will be contacted by HCPH epidemiology. You will receive a call from 832-927-7575 and/or a text message from 346-229-1960. If you live outside Harris County, you will be contacted by your local health department.

While you wait for your test results, we urge you to continue self-isolation.
