

COVID19
CORONAVIRUS DISEASE

HHS SURGE TESTING RESULTS INFORMATION

The Department of Health and Human Services (HHS) has stood up temporary COVID-19 surge testing sites across the country

TEST RESULTS

- Now that you have completed the testing process, you should expect your test results in 2-to-4 business days.
- When your test results are ready, an email notification will be sent to the email address you used to sign up for testing.
- To check your results, please visit www.doineedacovid19test.com and use the same username and password you used to sign up for testing. If you did not sign up online or create a profile, please call 832-927-7575 for results.

ABOUT SURGE TESTING

Surge testing efforts will temporarily increase federal support to communities where there has been a recent and intense level of new cases and hospitalizations related to the ongoing outbreak. The operational dates for these sites vary and may extend until the testing supplies allocated by the federal government are fully utilized.

If your results are positive and you live in Harris County, you will be contacted by HCPH epidemiology. You will receive a call from 832-927-7575 and/or a text message from 346-229-1960. If you live outside Harris County, you will be contacted by your local health department.

While you wait for your test results, we urge you to continue self-isolation as much as possible and wear a face covering if you must leave your home.
